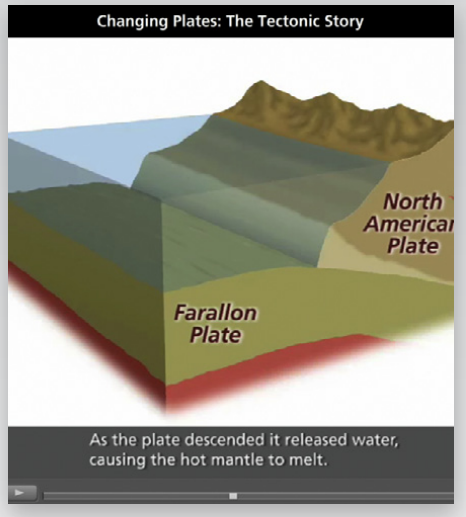
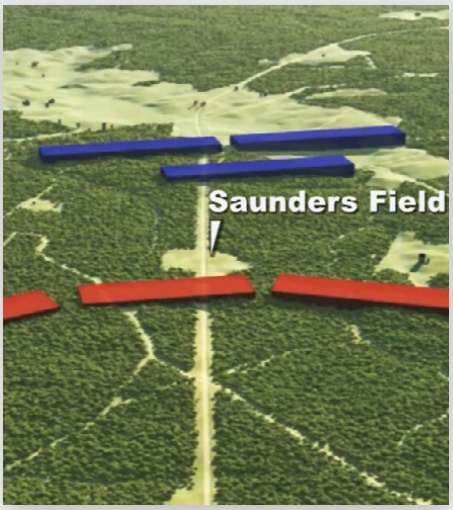
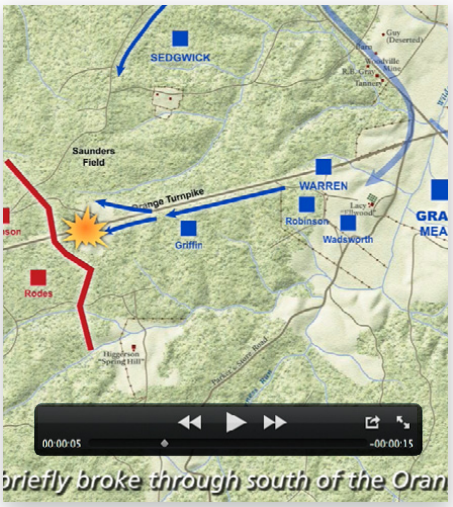
INTERNATIONAL MAPPING

Documentaries







Storytelling is an art. Filmmakers and exhibit companies have been enlisting our design sensibilities and mapmaking expertise for years to help portray the geographic aspects of a dramatic story with map stills, animations, text, animated graphics, audio, and area or path flyovers.

SERVICES

- Custom static and interactive mapping content for all media (print, web, kiosk, video, and mobile)
- Movie development (maps, audio, text, photos)
- Creative graphic design capabilities in 2-D and 3-D
- Storyboarding services
- Voice-over services
- Language translation capabilities
- Research, compilation and editorial services
- Graphic illustrations and animations
- Source map acquisition
- Historical designs to match any period of time

"It's a real pleasure to work with Alex Tait and his team at International Mapping. They can be trusted to deliver high quality maps that are well executed. Alex goes above and beyond to consistently provide excellent value for his work and always impresses me with his creativity, professionalism, and attention to detail."
Martin Gamache – National Geographic Society
